

## Environmental & Sustainability Policy Statement

Safari Company recognizes its environmental responsibility to its customers, staff, suppliers and the community it operates in. Safari is committed to reduce the impact of its operations on the environment in order to create a sustainable future for generations to come.

By setting an environmental and sustainability policy that is both monitored and subjected to continual improvement and by communication of this to its staff, Safari Company aims to ensure its ongoing commitment towards our responsibilities and the reduction of environmental impacts which will ultimately enhance sustainability.

This policy is communicated with the full support and enthusiasm of Safari's leadership and employees – all of whom recognize their responsibility and accountability for the environmental impact of the business.

Safari Company is fully committed:

- ✓ To identify and manage the environmental risk of its activities and services in order to create opportunity for continual improvement.
- ✓ To comply with all relevant local and international environmental regulations and ISO 14001:2015 standard that applies to our business activities.
- ✓ To provide the framework for setting and reviewing environmental objective and targets.
- ✓ To ensure that Safari's environmental framework is documented, communicated, implemented and maintained.
- ✓ To take sustainability initiatives for conservation of all natural resources and only use products from sustainable resources.
- ✓ To work on reducing, reusing and recycling waste derived from our operations.
- ✓ To control, minimize or eliminate the level of pollution and harmful emissions arising from our operations.

Safari commits to act responsibly and in an environmentally friendly manner at all times to prevent pollution by spill control when transporting, storing, using and depositing of all waste streams including hazardous waste.

Safari also aims to minimize the use of ozone depleting substances.

This policy statement is communicated to all employees and concerned parties through awareness training and sustainability promotions.

This policy shall be displayed in conspicuous locations throughout the Safari offices and operating projects.
